

CCUW*ip

2026

**Canadian Conference for
Undergraduate Women and
Gender Minorities in Physics**
Sponsorship Package

Land Acknowledgement

We are hosting the Canadian Conference for Undergraduate Women and Gender Minorities in Physics (CCUW*IP) 2026 at the University of British Columbia (UBC) Point Grey (Vancouver) Campus, which is situated on the traditional, ancestral, unceded territory of the xʷməθkʷə́yəm (Musqueam) First Nation. These lands have always been a place of teaching and learning for the xʷməθkʷə́yəm people, and we are grateful to continue this tradition. Throughout this conference, we intend to uphold their values of respect, pride, inclusiveness, honour, and shared responsibility. Conversations about colonialism are often forgotten in the physical sciences, and we will make an active effort to highlight the intersectionality of women and gender minorities' experiences in this regard.

What is CCUW*iP About?

CCUW*iP is an annual, multi-day event hosted by Canadian universities with the goal of fostering **inclusivity** and **representation** in physics-related fields. Now in its 13th year, the 2026 conference (January 30th – February 1st) is organized by **UBC undergraduates** with support from faculty and student representatives from institutions across British Columbia.

CCUW*iP brings together students from across Canada for **academic** and **professional** development, **networking** opportunities, and **community**-building. Through keynote talks, panel discussions, workshops, and social programming, participants **connect** with industry professionals, researchers, and leaders in **physics and related disciplines**.

What We Do:

- Lab tours
- Keynote presentations
- Career and graduate fairs
- Discussion panels
- Student oral and poster presentations
- Networking and social events

Why Sponsor CCUW*iP?

CCUW*iP is Canada's leading undergraduate conference for women and gender minorities in physics. As a sponsor, your contributions build toward an **inclusive future** where underrepresented students are empowered to **thrive** in the field. Your contribution will help provide food and accommodations to attendees, cover travel costs, and assist prospective delegates in need of **financial support** to attend. In return, your organization will gain **visibility** among a national community of passionate students and demonstrate commitment to helping create pathways for **emerging talent** in physics.

Allocation of funds:

- Hosting
- Catering
- Speaker Support
- Financial Aid
- Supplies and Logistics
- Merchandise
- Awards

Graduate and Industry Fair

Sponsors will also be allocated tables at a **reduced cost** at this key event that connects students with leading institutions, organizations, and companies.

This is an excellent opportunity to recruit from a **diverse and talented** group of future physicists.

For those who cannot send a representative in person, we offer the option to send **promotional materials** that we will distribute to delegates.

Donation Info

We have **five sponsorship tiers** available, with benefits ranging from visibility on keynote slides and **all promotional materials**, to receiving a table at our **Graduate and Industry Fair**. All sponsors will receive valuable **recognition**, with additional perks unlocked at higher sponsorship tiers. We are also happy to specifically allocate portions of your donation to **conference awards and travel grants**, or accept **non-monetary donations** outlined below.

Awards and Grants

Donations can be allocated toward **travel grants** that support the attendance of students across Canada or **student prizes**. All donors will be acknowledged at the award presentation ceremony at the end of the conference and on our website.

In-kind Donations

We would appreciate any kind of support through in-kind donations such as the provision of **speakers, workshops, services, or venues!** All donations valued over \$250 will be acknowledged on our website.

Swag Donations

We also welcome contributions of **promotional materials**, giveaway items for our delegate bags, or other **merchandise**. Please contact us if you are interested in making any of these non-monetary donations.

Graduate School and Industry Fair

Large Table
\$500

Small Table
\$350

Half Table
\$200

**Promotional
Materials Only**
\$50

Sponsorship Tiers

	<u>Cosmic Sponsor</u> \$2500+	Galactic Sponsor \$2000–2499	Nebular Sponsor \$1500–\$1999	Stellar Sponsor \$1000–\$1499	Planetary Sponsor \$500–\$999
Featured logo	Largest on all promo material	Large on all promo material	Medium on all promo material	Small on all promo material	Included on conference website
Itinerary booklet	2 pages	1 page	½ page	Short paragraph	Logo
Graduate and Industry Fair	Large Table Free	Small Table Free	Half Table Free	Displaying Promo Materials Free	Displaying Promo Materials Free
Slides for sponsors on all keynotes	Logo	Logo	Small logo		
Banquet Dinner	Free table (4-6 seats)	2 free seats	1 free seat		

Thank you for your consideration!

Sponsorships are what make conferences like CCUW*IP possible, and so we thank you for your interest. With your support, many undergraduates will be able to create connections and memories that will last a lifetime.
